### CHILEANS BURN PERUVIAN FLAG

(Associated Press Cable.) IQUIQUE, May 28.—Following the tense feeling between Chile and Peru, which has prevailed in both countries for months, a mob gathered in this city today and, marching on the fine building of the Peruvian Club, tore down the Peruvian flag and burned it.

The greatest excitement continues in this city, and the police are now guarding the clubhouse, although the mob has dispersed. But the streets are filled with excited groups.

Report of Attack. The feeling is intensified by reports that the Chilean consulate in Callao has been attacked by a Peruvian mob and indignities offered to the representative of this country.

The Peruvian consul here has resigned, and the American consul, Hon. Rex Hanna of California, has taken charge of affairs for Peru.

Ringleaders at Liberty. A report of the affair has been made to President Pedro Montt, at Santiago, but no word has been received yet as to what action shall be taken in regard to dealing with the ringleaders, who have not been arrested.

It is asserted here that if it is true that the Chilean consul at Callao has been assaulted, only the most careful diplomacy will avert the war which the people are clamoring for at this time.

## ELECTRIC FLYER

KILLS FIVE PEOPLE. LOS ANGELES, May 28.—For the third time in two years, five persons were killed at once by an electric car here today, when Mr. and Mrs. Jerry Kaufmann and their son, Harry, and Mr. and Mrs. H. S. Hollingsworth tried to cross the track in front of one of the beach flyers.

The party was in an automobile and failed to estimate the speed at which the electric train was approaching. Miss Hazel Kaufmann escaped death in the collision, but is reported to be dying.

The accident before this happened on Thanksgiving Day, 1909, when a party of six, all of one family, was struck by a flyer and five were killed. A short time before that five in another family were struck and killed while trying to cross in front of a Whittier flyer.

PORTUGUESE REPUBLICANS WIN IN THE ELECTIONS. LISBON, May 28.—The elections held throughout Portugal Saturday were in the main orderly, little trouble erupting up in any of the fifty-one assembly constituencies. All is quiet at an early hour this morning.

Returns from thirty of the fifty-one constituencies indicate that the majority of those elected to the Chamber of Deputies are Republicans. It is asserted that the monarchists refrained from voting.

DEATHS DUE TO HEAT. TOLEDO, May 28.—The hot wave here is severe. Today two persons were overcome while in bathing and were drowned. It is reported that there were 108 prostrations in Indianapolis. From Detroit comes the news that six people were drowned there today, due to the heat.

TOBACCO TRUST NEXT. WASHINGTON, D. C., May 28.—It is expected that the decision of the United States Supreme Court will be rendered tomorrow in the case of the Tobacco Trust.

FALLS TO DEATH IN BURNING AEROPLANE. VOGHERA, May 28.—During an exhibition here today, Signor Cirri, an Italian aviator, fell from a height of 650 feet and was instantly killed.

His death was a most sensational episode, for while maneuvering at the height named the motor of his Blériot monoplane exploded and the wings or planes caught fire and he plunged to his death.

The wife and family of the unfortunate man witnessed the accident and Signora Cirri is prostrated. Several thousand people saw the fiery flight and fall in the burning machine.

FEATHERWEIGHT CHAMPION. NEW ORLEANS, May 28.—In the featherweight championship match here last night between Joe Carter and Frankie Conley, the former was given the decision.

GATES TELLS ABOUT HIGH FINANCIAL DEALS. WASHINGTON, D. C., May 28.—Sensational followed the appearance of John W. Gates as a witness before the House committee which is investigating the Steel Trust. Mr. Gates made an excellent witness for the committee, and his testimony was startling in the extreme.

During his testimony the witness stated that the steel corporation, better known as the trust, was the outcome of the refusal of Andrew Carnegie to recognize a "gentleman's agreement," whereby the Rockefeller interests were forced out of the combination of forty cents on the dollar.

## Smartest of All Tablecloths Is That Made of Eyelet Embroidery

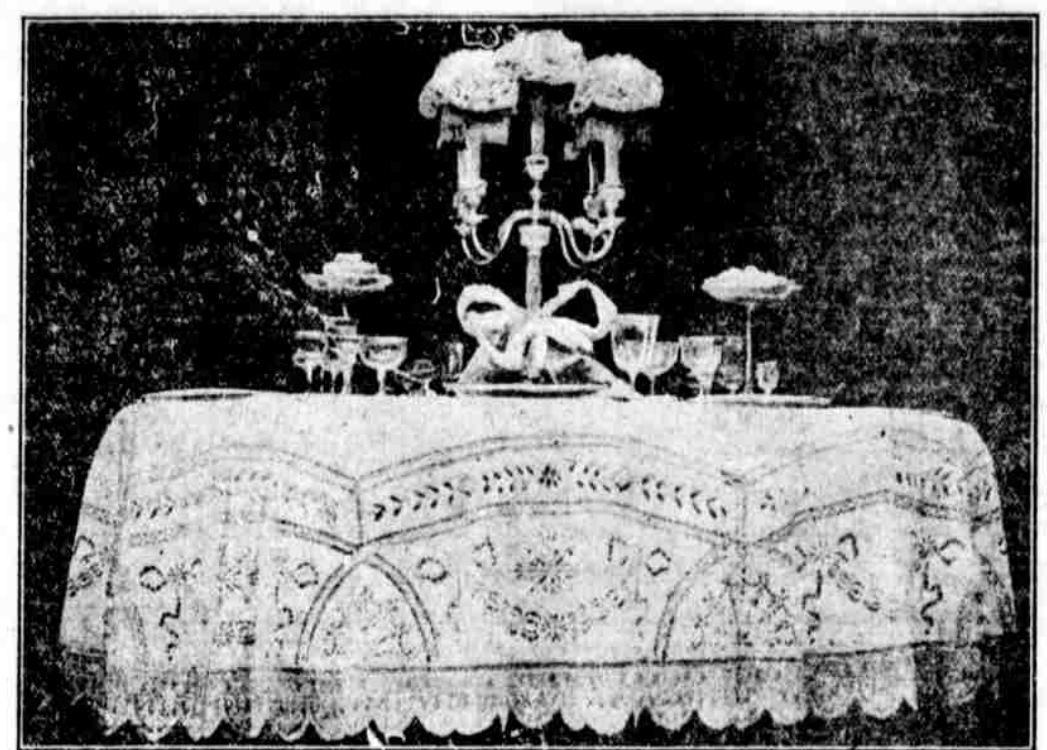

Photo by American Press Association.

If you want to be really up-to-date in your house furnishings you must make a tablecloth of plain linen with a wide edge of eyelet embroidery. The model shown is especially smart with its simple finish of a pointed edge of antique lace. Another suggestion is embodied in the picture—a successful way to decorate the table without flowers. The five branched silver candlestick has tied to it a bow of pink ribbon.

## Fads of the Faddy

### NOVELTIES IN HIS DOGSHIP'S TROUSSEAU—THE STUNT PARTY—THE STILETTO GARTER. STILT WALKING THE LATEST.

THE craze for dog trousseaux has reached its height in Paris. Everything imaginable is made for his dogship.

India rubber gloves are an old story, and the latest onea button or lace halfway up the leg.

There are goggles for dogs to wear a-motoring and different baskets to match different rooms, such as a dining room basket, a drawing room basket, etc., furnished suitably.

"Fog" pocket handkerchiefs are filmy squares with pin stripes of color and borders in all colors to match the ribbons worn on the collars.

As for coats, there are velvet ones trimmed with chinilla, ermine or sable, cloth tailored topsuits and leather auto coats, not to speak of knitted house coats trimmed with bows of ribbon.

The dog valise is a new feature. Shaped like a valise case, it contains all canine necessities, including dog nightgowns, silver topped bottles for scent, etc.

The stunt party is the latest and was the "right idea" of an athletic Barnard girl, Miss Lillian Schoedler. Each girl who was invited had to perform some "stunt"—athletic or otherwise, or else pay a forfeit. All the girls—Barnard students—wore white sweaters bearing the blue college B.

The stiletto garter is the latest fad of fashion. This tiny jeweled toy is slipped through a big ribbon bow and

has its point incased in a tasseled guard. Its owner's monogram and crest are engraved on the hint.

Stilt walking is the latest society fad, and experts are being hired to teach the idle rich to walk and even dance on the unsteady stilts.

DON'TS FOR A DINNER PARTY. Don't seat the two cleverest people side by side.

Don't have nervous waiting maids. Don't confide any of your terrified anticipations to your husband.

Don't put a man next to his wife or a married couple on the same side of the table.

Don't forget to overlook the table in detail before the guests arrive.

Don't fail to be ready and in the drawing room five minutes before the time the guests are expected to arrive.

Don't allow the conversation to become entirely between couples. Make it general at times.

MORAL COURAGE. Every girl who wishes to be really happy should cultivate moral courage as it is a most important asset in life. There is no occasion to display it in an obtrusive manner. Moral courage really means to speak when speech is necessary and to be silent when necessary.

A girl needs moral courage to speak to a shabby acquaintance in the street, to say she "can't afford it" when bridge is proposed, to face even good natured banter at what may be called "old fashioned fads" which her mother has instilled into her as manners which befit a gentlewoman and finally to adhere to those resolutions she has made and which she feels are right.

TRUTHS. If her husband is romantic about her a woman can almost forgive him for being a bad business man.

You may think that you are a truer friend if you candidly tell a man of his faults, but he will never, never agree with you.

Carnegie, stated Gates, was given a total of \$320,000,000 for his Homestead plant and other interests, which were appraised at only \$100,000,000, thus doubling his capital at one stroke. At the same time the Tennessee Coal and Iron Company was forced to sell out to the trust.

Furthermore, the witness asserted that the trust property was worth from \$500,000,000 to \$1,000,000,000, and was organized to throttle competition.

NEW PRESIDENT WILL BRING ABOUT ORDER. MEXICO CITY, May 28.—Provisional President de la Barra is planning to disband the revolutionists and to absorb them in the regular army.

War claims approximating \$20,000,000 are being investigated, of which sum about one-tenth, or \$1,000,000, is claimed by Americans.

Ernesto Madero, the brother of General Francisco Madero, leader of the revolutionists, was sworn in hero today as minister of finance.

## Spangled Gown

A BLACK and gold spangled tunic here used with excellent effect over an underdress of pink satin. A single artificial rose lends it relief. The large hat is trimmed with a wreath of roses to match and a big upstanding
